

SPRINGWOOD PRIMARY SCHOOL

EVEN BETTER IF....

Swimming is often not available.

Communication.

Little bit more time to be given when non uniform days (ie specified dress days).
Also when asking my child for donations / gifts.

Show some methods used so can replicate at home.

Have their own transport firm.

More communication.

Communication in regards to progress in class.

Passing information to the parent through letters and books was fantastic but we will like to be involved in their learning by sending homework for the children.

Notice for events at school i.e. Christmas markets, Christmas play outfits, days out etc.

More info in book, info can be hit and miss, would like to know what she is eating and if she has been to toilet every day.

More physio, more activities, nothing else.

Send letters home sooner e.g. Easter bonnets etc. Making/sending things in.

Trying to make him more independent.

Website needs to be updated more and also be good for parents to have personal accounts so we can see photos and videos of our child.

Availability of afterschool activities – George loves them.

Too many letters – reduce your carbon footprint by consolidating information or ask parents to opt to text/website information. This will also reduce financials on paper/printouts.

I'd like to be informed about the topics you are learning about to discuss and do related activities at home.

Bit more notice from staff for next year and opportunities to meet then before they start new class.

Have follow up parents evenings. After school clubs.

More swimming – always cancelled.

Information added to website.

Ways of communicating, speaking with them not only signing.

Understanding my child's made up sign language.

Home school book to be written in everyday about what they have done that day.

Would like more updates online i.e. photos and activity updates etc.

Could know more about what learning is going on in class so can speak about it at home.

Maybe try homework.

School holidays are different than the other children at home other than the 6 weeks holidays.

Giving feedback i.e more photos and info in books.

Afterschool clubs.

Offer after school clubs to help working parents.

Parent pay please.

Personal care i.e. clean hands, nose, clothes, after lunch or some activities – possibility clean clothes everyday – inform about progress.
