

# Open doors

Open doors is a creative workshop especially for autistic children and children with other social communication issues, their families and carers. We open our doors early so that you can come enjoy and explore art together as a family.

**Our next session is: Saturday May 20<sup>th</sup>, 9.15am – 12.15pm**

Please feel free to call Katy McCall on 0161 235 8869 if you have any questions or would like to find out more.

## Your Journey through Manchester Art Gallery, What to expect:

When you arrive at the gallery, walk through the pillars and through the front door.

From the entrance hall follow the **PINK** post-it-note trail to **The Scottish Highlands Exhibition**.

Can you find this painting?

Next follow the **GREEN** post-it-notes to **The Clore Art Studio**.

As usual there will be lots of different things for you to examine and explore.

We also have an exciting new **Messy Play Studio**. Just follow the **ORANGE** post-it-notes downstairs and get stuck in.

Please wear clothes you don't mind getting messy!

You can move between these two spaces as much as you would like.

Also remember that there is a **quiet room** available if you need it. If at any time you need a moment out, just let someone know and we'll show you where it is.

Feel free to stay in the Clore Art Studio for as long as you like! You can access it whenever the gallery is open.

Please be aware that the gallery will open to the public at 10am.
