

Autism and Transition: Workshops for family carers

Day One:

Planning for the future – how to begin to create a person and family centred plan for your son or daughter as they approach adulthood.

During the day you will have the opportunity to learn about and practice some person centred planning tools, and share ideas about the future with other families.

Day Two:

How to secure support for the future – learn about your son or daughter's rights to post-16 education; PIP and ESA benefits, and making the most of a Care Act assessment.

During the second day, we look at the support available to make your plans a reality alongside other families in a similar position.

When:

Tuesday 23rd January: 10:00 – 14:30
Tuesday 30th January: 10:00 – 14:30
